Home inspections are priced at around \$450, and we provide same-day reporting. Typically, the inspection takes about 3 hours. While your presence for the full appointment is not required, we recommend attending the last hour so we can review the findings and discuss any necessary repairs with you.

Home Inspection (always same-day reports) we give you a very detailed Report with over 200 photos and videos of approximately 120 pages we have a reputation of being the best inspection company in the City
Mold testing is where we take three air samples each are 10 minute air samples of the main level basement and a baseline outside We also complete an infrared thermography on the entire home and utilize moisture meters along with the infrared thermography to check for water leaks (can take 2-3 days for results)
A sewer scope (same day report) is a specialized camera where we go from the inside of the house through the sewer line underneath the ground as far out as possible to the city sewer tap to check the condition of the line many times our clients are getting back anywhere from \$1,000 to \$15,000 due to the sewer line repairs needed
A termite inspection (same day) comes pretty much with every home inspection it's included with the home inspection fee and is required on some loans basically inspection for wood destroying insects
Radon testing (2 day test) radon is an odorless gas you can't see it tasted or smell it it has been proven to cause lung cancer it is a 48 hour test
Infrared Thermography (same day) Is a special camera utilized to check for water leaks missing insulation overheating electrical wiring

Other Random Questions from clients:
No need to let your Realtor know we will take care of scheduling everything You will get a confirmation email once the seller gets back to us If NO Realtor is involved we NEED the sellers name & # You can pay online or cash or check the day of the inspection other notes will be provided in the confirmation email you will get before the inspection You will get the home inspection & termite report same day If someone wants to schedule a sewer scope only NO home inspection it is \$324 Re-inspection of a previously inspected home is \$395
